VOL. XII.

RENO, WASHOE COUNTY, NEVADA, SATURDAY, OCTOBER 1, 1881.

NO. 1.

A Snake in Her Shoe.

Washoe Enterprise.
Last Sunday, after Miss Ida Petet had returned from church, she stepped into her room to exchange her shoes for a more comfortable pair. When she put her foot into the shoe that had been left at home she found it occupied by a snake. She gave a scream, and her father ran to her assistance. He picked up the shoe and tried to shake the reptile out, but it popped out its head, causing him to drop the shoe instantly. He then kicked the shoe and all into the yard, and finally succeeded in ousting the trespasser, which proved to be a ground rattlesnake more than twelve inches in length.

Spotted Tail's Joke.

One day Captain Lee was talking with Spotted Tail and others about honest people and the keeping of one's word.
"There's no such thing as an honest man," said the captain, jokingly.
"There used to be, however. In former times honest men used to have a bunch of hair growing in the palm of the right hand. I don't see but a few bunches in my hand."
Spotted Tail stepped up to him, and shaking his hand, said:
"How! How! I used to have a great big bunch of hair in the palm of my hand, but it has all been worn off by shaking hands with the whites."

How to Secure Health.

It is strange any one will suffer from derangement brought on by impure blood, when TROPIC-FRUIT LAXATIVE is used. It is a strengthening syrup, pleasant to take, and the BEST BLOOD PURIFIER ever discovered, curing Scrofula, Syphilis, Malaria, Nervous disorders, Debility, Bilious complaints and diseases of the Blood, Liver, Kidneys, Stomach, Skin, etc.

BAKER'S PAIN PANACEA cures pain in Man and Beast.
DR. ROGERS' WORM SYRUP instantly destroys WORMS.

Shiloh's Consumption Cure.
This is beyond question the most successful Cough Medicine we have ever sold. It does invariably cure the worst cases of Cough, Croup, and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a Cough we earnestly ask you to try it. Price 10 cts., 25 cts., and \$1.00. If your lungs are sore, Chest or Back lame, use Shiloh's Porous Plaster. Price 25 cts. Sold by Chemist & Shoemaker Druggists, Reno, Nevada.

Congratulatory.
We take much pleasure in congratulating our enterprising druggists, Messrs. Osburn & Shoemaker, upon having secured the cure for Shiloh's Porous Plaster, and California Pine and Balsam Porous Plaster. We call particular attention to the Shiloh's Porous Plaster, which is taking the lead of all others. The Yosemite Cologne has already become a household word, and all the ladies recommended the Face Powder.

Set Back 49 Years.
"I was troubled for many years with kidney complaint, gravel, etc., my blood became too thick; I was dull and inactive, could hardly crawl about; was an old, worn out man all over; could get nothing to help me until I got Shiloh's Bitters, and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 20, though I am 73, and I have no doubt it will do as well for others as it has done for me. It is worth a trial.—Father."

Dyspepsia and Liver Complaint.
It is not worth the small price of 75 cents to free yourself of every symptom of these distressing complaints? If you like so call at our store and get a bottle of Shiloh's Vitalizer. Every bottle has a printed guarantee on it. Use accordingly and if it does you no good it will cost you nothing. Sold by Osburn & Shoemaker, Reno, Nevada. nov-20-d&w

Bogus Certificates.
It is no vile drugged stuff, pretending to be made of wonderful foreign roots, berries, etc., and puffed up by long, bogus certificates, of pretended miraculous cures, but a simple, pure, effective medicine, made of well-known, valuable remedies, that furnishes its own certificates by its cures. We refer to Shiloh's Bitters, the purest and best of medicines.—Exchange. (See another column.)

We have a speedy and positive cure for Catarrh, Diphtheria, Canker mouth and head-ache, in SHILOH'S CATARRH REMEDY. A nasal injector free with each bottle. Use it if you desire health and sweet breath. Price 50 cents. Sold by Osburn & Shoemaker, Reno, Nevada. nov-20-d&w

The ladies of Reno will save money by buying their Toilet Soaps, Perfumery, Hair, Tooth and Nail brushes at Osburn & Shoemaker's, as this firm have just brought from the East the best assortment of these articles ever offered to the people of Reno, which they are selling at prices lower than ever. sept-14

THE TRYING TIME.

Again the burdens are taken up, and again the universal concern in temporal and State affairs holds sway. The people are passing away from their grief, and already the bustle and hum of the eternal struggle has taken the place of a sorrowing silence. Garfield has been laid to rest, "Life's work well done, life's crown well won," and the eyes which wept for him are now turned upon his successor. To the close observer this is the most interesting period of American politics.

Has he the courage to run the old ship over the rapids and bring her to anchor in the harbor of prosperity and contentment at the end of his term? The people believe that he has.

Notwithstanding his personal alliances, they believe that President Arthur is also bound to that which is free, progressive, permanent and American. They believe that he will be the President of a common country and not of a faction.

In his trying hour the people north, south, east and west, will bear up his hands and help him to be in the worthiest sense, the exponent of American citizenship.

EDITORIAL NOTES.

Rufus Shoemaker finds this to say in his *Tidings*: "A man can have no more troublesome and annoying neighbor than the one who habitually and constantly borrows the newspaper, whether the owner of the paper has read it or not. The good people who have gotten into that habit are more dreaded and annoying by and to their neighbors than is malignant itch in the vicinity." It cannot be possible, Rufus, that you have misstated this matter, yet it is almost too dreadful to believe.

President Garfield, in a conversation with Secretary Blaine at the White House on the evening of the 1st of July, said: "I have now completed four months of the Administration, and everything is doing well. The Cabinet is every day becoming more welded. There never has been an unkind word spoken across that Cabinet table." This was the last conversation on State affairs of any length held by General Garfield with anyone.

Yesterday's dispatches hinted that Conkling would not continue his fight in New York State because of other inducements held out by Arthur. The press reporters also thought that Senator Lapham had been tendered a Cabinet position to make way for Conkling. These statements are probably both untrue. Arthur will help Conkling, but he will use some judgment about the matter.

The *Virginia Chronicle* devotes some space to convincing Arthur that he ought to follow his own notions. The *Chronicle* still afraid of Grant, then says "please keep Grant in the background." The *Chronicle* whistles and swears very loud but is a half breed in spite of itself.

A Democratic paper in Mississippi is making such appeals to the faithful as this: "There is a great outcry against stuffing the ballot-boxes. We are in favor of stuffing. Stuff them, shake them down with votes for Rob-Lowry, the father of thirteen children and the friend of the people."

Gold Hill is now without a minister of any denomination, and a limb of the law can not find where to lay his head in Shippy Gulch. This suits Dominie Doten, and with that maiden modesty which keeps his face constantly tanned, he claims all the credit for the *Nerve*.

The material for a new dress for the Eureka *Leader* has been received. That paper is to be enlarged under the new management of James E. Anderson. The *Sentinel* will now have a foe man worthy of its steel.

The Eureka *Sentinel* says that according to the latest census bulletin, every Federal office holder in Nevada is an enthusiastic supporter of the stalwart policy of President Arthur.

BY TELEGRAPH.

Dr. Bliss in New York.

New York, September 20.

The *Herald* prints two columns of an interview with Dr. Bliss, who is here to confer with Dr. Schrodry upon the subject of the medical history of the case of the late President, which will be prepared for publication in the *Medical Record*. Bliss said that the people at large had a right to ask for the fullest possible details of the treatment in the case. That information, in the most complete form, will be afforded in the history of the case which will be issued as soon as Drs. Woodward and Lamb have completed it.

SAN FRANCISCO, October 1.

Impoff and Dincer, brewers, at Sitka, have brought suit against commander Glass, recently in command of the sloop Jamestown at Sitka, for \$1,600 damages for arresting and imprisoning them without cause. Impoff also brings suit for \$1,500. It is understood the arrest was for violation of the Revenue laws. Glass has not yet filed his answer. He left for Sitka on the steamer to day.

White House Wedding.

CHICAGO, September 30.

Jenny June is responsible for the following: "There is a strong probability that the White house will witness a wedding during the present Administration, the President himself being one of the high contracting parties and the widow of a well known and very wealthy New York the other."

Los Angeles Pistols.

LOS ANGELES, Sep. 30.

A probably fatal shooting affray occurred here between Juan Tapia and Julian Orocco, Mexicans, to-day. They had a dispute as to the ownership of some wood when Tapia took a double-barreled shot-gun and fired the charge, which entered the eye of Orocco. Tapia is now in jail.

More Indian Troubles.

Special to the Gazette.

SAN FRANCISCO, Oct. 1st.

A Tucson dispatch has the following from Wilcox: The Chiricahua Indians broke out last night. Several Indians say they went to the south. A part of Wilcox's command has been notified to look out for them.

Special to the GAZETTE.

SACRAMENTO, September 30.

While riding in East Park, to-night P. S. Courtwright was thrown from his buggy, and struck his head against the railing he was instantly killed.

PERSONAL JOTTINGS.

Billie Birch, the minstrel, celebrated his silver wedding at New York on the 28th.

The latest report is that Collector Robinson, of the New York Port, will resign his position.

Horatio Seymour says there should be a Board of Trade established in every town or grain growing neighborhood in the country.

Captain Paul Boynton has started for the headwaters of the Yellowstone with the purpose of paddling himself to St. Louis, a distance of 3,500 miles.

Ex-Senator Dorsey is the owner of the best appointed cattle ranch on the continent. It occupies half a million acres in New Mexico.

It is said that when Gladstone becomes serious he resembles a grave-stone after a drizzling, freezing rain. At least it looks that way to his adversaries.

Jean Ingelow's face is well known among some of the wretched poor of London, and three times a week she gives a dinner to the sick poor.

General Stone, a Federal soldier in the late war, and now an officer in the Egyptian army, was the leader of the mutiny reported the other day as having taken place at Cairo. The Khedive yielded to the demands of the mob and is now powerless as a ruler.

Among the wedding gifts of Miss Annie Scott, daughter of W. L. Scott, of Erie, Pennsylvania, who was married a few days ago, were a \$250,000 block of buildings from her father, a solid tea set from her mother and a \$35,000 diamond necklace, having sixty-five stones.

Churchill county has fixed the tax valuation of the C. P. R. R. in that county at \$16,000 per mile, and the company has been notified to appear before the Board of Equalization.

As yet there is nothing further to report concerning the Eureka and Colorado River Railroad Company. There is yet a small force of men at work on this end of the line and the work is still going on however slow.

Call in at the Opening.

The Abraham Bros. open their new stock early the coming week, and invite their friends to call and examine the goods. They are doing a very successful business because they keep a well selected stock, and let the people know it. They have the latest styles in hats, caps and gents' furnishing goods, and carry as good and complete an assortment as can be found on the coast. Call early in the week and see for yourself. The White House is a credit to Reno.

Reno Good Enough.

The new harness shop opposite Jerry Schooling's on Sierra street is well stocked for Fair week and the winter. J. Kline, manager, is well up in his business, and thinks Reno a good place for his trade. By his treatment of occasional patrons he is building up a good trade. If you need anything in the harness or saddle line remember where Kline is to be found.

Notice to Delinquents.

Hereafter, the GAZETTE will not be distributed by the town carrier unless paid for every week. All those now owing back subscription will please settle up by Monday next (the 3d. inst.), or their paper will be stopped. H. L. BOWMER, carrier.

That Portrait.

Speaking of the proposed life-sized portrait of the late President, the Carson Tribune says: "We propose to start the subscription list on Monday next, D. V., and push the matter along to a successful completion, agreeing to publish the name of every donor, until the necessary amount is finally complete. McClellan agrees to paint a portrait 46 x 56 inches, and furnish first-class and most elaborately ornamented frame, making a picture 70 x 80 inches as a whole, for the sum of \$500. Mr. McClellan is making a grand success in portrait painting at Reno, and should have the opportunity given him on this occasion."

The portrait of Governor Nye, now in the State Capital, is a fair sample of McClellan's work.

U. S. District Court.

Judge E. W. Hillyer of the U. S. District Court is seriously ill, and his physician has advised that it will be exceedingly dangerous for him to attempt the fulfillment of his Court duties for some time. For this reason there will be no session on Monday next, and all jurors now summoned are excused until further notice.

The Boss Beer.

George Becker meat business when he started a brewery. He buys only the very best of material, and his establishment has every arrangement which can help to secure the manufacture of a perfect article. If he cannot get a good brewer at one rate of wages, he will pay more. The aim of the New Pacific Brewery is to make the best beer offered in this market, and that has already been accomplished. Pacific beer has now found its way through Washoe county, Nevada, and Lassen and Modoc counties in California. The patrons of the new brewery are all well satisfied, and still no pains or expense will be spared to further improve it if possible. Buy your beer at home so long as it is good.

Yom Kippur.

The celebration of Yom Kippurim or Yom Kippur (the Day of Atonement), will come off on Monday, Oct. 3d, and the day of general rejoicing, Succoth (the Feast of the Tabernacles) on Oct. 8th and 9th. All these religious observances will be celebrated this year with more than ordinary form and solemnity, as they occur just when the American Israelites are, with the American people, bowed down in sorrow for the murder of the Chief Magistrate of the nation.

Important to Farmers.

Uncle John Gunther has made up his mind to definitely close out his large stock of harness, saddlery, etc., etc. Gunther enjoys the reputation of being one of the best workmen on the coast, and his stock was all carefully selected, and is first-class. He is a square dealer, and means business when he says he will give anybody a bargain in his line.

Tamkin's Trial.

It appears that the usual delay is to ensue before the murderer of Homer McClellan can be brought to trial. This delay may be unavoidable, but it should not be allowed to interfere with the strict justice which is needed in such cases. News received here is to the effect that the murder cases of Frank Johnson of Quaker Hill and Isaac Tamkin and Charles A. Giffen of Truckee, will not be tried until the next session of the Superior Court at Nevada City.

Another Addition.

John P. Foulks, of Essex, finds life too flat, stale, and uncertain at Verdi, and will soon remove his family to Reno. He has purchased half of the Fogus mill site and will grind salt, chop feed and perhaps establish a flouring mill. A large force of men has been for some time preparing for the new business. Foulks is a stirring man, in common parlance "a rustler," and there is no doubt of his success in Reno.

Facts for the People.

[Carson Tribune 30th.]
O tempora! O mores! is a latin quotation, given to the world by one who lived many hundred of years ago, and of course every school-boy of a reasonable age knows that the interpretation is, "Oh the times! O the manners!"

Hoopah, Moolah!

Jesse Hironymous, of Cedarville, Modoc county, has recently made sale of 32 mules for \$3,000 cash. These, with twenty other long-eared mixtures, will relieve the perspiring Kanaka of the Sandwich Islands of the heavy work.

Rich Gold Find.

Notwithstanding the anti-tobacco crusade, there are still men who patronize the narcotic plant. The man who smokes, wants a good cigar, as a matter of course, and he feels injured when anyone sells him an inferior weed. Nasby seems to know this fact perfectly, and the common remark is: "If you got it at Nasby's it is good, or as he represented it." The latest novelty is the Gold Tag cigar. They are prime, and you can recommend them to your friends. To be had only at Nasby's Bazaar. Gold tags are good enough for printers.

Church Notices.

Rev. Winfield Scott, pastor of the Baptist Church, will preach morning and evening. Communion in morning, and third sermon in series in evening—"God's conditions of Salvation." Praise service as usual under the direction of Prof. Stimson.

There will be divine services at the Congregational church to-morrow morning at 11 o'clock and evening at 7:30, A. B. Palmer officiating. Sabbath School at 12-15.

Nevada and Oregon.

The customary progress is being made on the N. & O. R. R. The company is now waiting for rails and spikes, soon to arrive, when the work of track-laying will be resumed. The graders who were camped at camp 5, near Cold Spring last week, have now established camp 8, which is near Antelope, and about 28 miles from here by rail. The next section will be speedily completed when the iron arrives, and the Long valley ranchers can then leave their teams at home when they wish to come to town.

Mystic Meyer.

Mrs. August Meyer who was recently in Reno met with considerable annoyance in Genoa. She had so many callers that she could not attend to them. A fortune hunter came at the dead hour of night and Mrs. M. warned him off. When she complained to the landlord, the unfeeling man told her to call up the spirits and see who it was. The Courier says she retired with a sixshooter.

Death of Judge Flack.

Judge J. H. Flack, of the Sixth Judicial District, died in Elko on Wednesday. Deceased was of the middle age, a Southerner by birth, and was filling his third term as Judge of the Sixth Judicial District. Judge Flack was an old pioneer of Washoe county and a leading citizen of Washoe City in its palmy days. He was an able and incorruptible Judge.

The Wounded.

Messrs. Scoville and Balch were both reported worse again to day. The expected fever attacked Balch last evening. Scoville had turned in bed and started the bleeding again. It is believed still that the men have a chance to recover.

PERKINS & WHITE, Prop's.

ROUND ABOUT:

Wednesday afternoon an altercation occurred at Jacksonville, Jackson county, between D. C. Courtenay and Matt Shannon, which resulted in the instant death of Shannon. The evidence showed that Shannon made the attack.

Says the Douglas Independent: A child of John Winters, on Starvout, was left by her mother near the fireplace. While getting water she heard the child scream, and rushing back found her nearly burned to death. A spark from the fire had set the little one's dress ablaze.

On the 25th instant R. H. Foy, Indian Agent in charge of the Umatilla Reservation, accompanied by his clerk, Miles, started from the Agency to go to the Warm Springs, in a hack drawn by two mules. The bodies of the two men were found the next day on the roadside, both being insensible. Miles had one arm and several ribs broken, and was injured about the head. He is still insensible. Foy is terribly bruised and probably injured internally. It is presumed the mules ran off, tore the wagon to pieces and threw the men out.

The Coming Glory of Science.

Edward Atkinson indulges in a vision to this effect: If we can send thought and light over a wire; and if we can attach to the same post another wire by which to transmit electric power, so that every farmer may keep a small thunder storm on tap in his barn to cut his fodder, milk his cows, and churn his butter, split his kindling wood, and do all the heavy work and churning about the house; in short, if we are to accomplish here what is now being done in France, that is, operate an electrical machine by a small water power on the farm, and run the plows, harrows, harvesters and threshers by electricity, if these things begin to be apparent, that are so bewildering to one even gets considerably mixed up in attempting to describe them, and is not quite sure what relation his parts of speech bear to each other—why then perhaps the millennium of the economist is nearer at hand than it has been supposed to be; "the time when intelligence and integrity and a very moderate amount of labor will insure so good a subsistence that it will not pay to be rich."

Cheeky Criminals
San Francisco News Letter.

A certain artful dodger being committed on two charges of forgery, of these endorsements, had the gall to remark: "I hope your Honor will make the bail light, as the notes are not due yet." This reminds us of a true incident when a stage robber was sentenced in Los Angeles by the Hon. Jackson King to a term of ten years' imprisonment. The offense was clearly proved, and the sentence solemnly pronounced. He received it very coolly, and looking up at the Judge said: "Your Honor, I have but one thing to say about my sentence, and that is, I'll play you a game of old sledge to see whether it's twenty or nothing."

Dean Burnett.
N. Y. Tribune.

Livingstone, an actor, in a traveling company, flitted with Miss Zilliox, at Middletown, Ohio. Burnett, her affianced husband, enlisted four friends in his cause, and with their aid waylaid and whipped Livingstone while he was walking with the girl. It was the opinion of the party that the punishment was not severe enough, and they went to the railroad station, where the offender was about to take a train, intending to thrash him again; but this time he was in the midst of his stage companions, and, as the result of a hard five-minute fight, Burnett and his companions got a merciless pounding.

Josh Billings.

Josh is an odd-looking genius. He is tall and stoop-shouldered, with a large head, massive face, deep-set eyes, grizzly beard and brown hair, parted in the middle, combed smoothly behind his ears, and falling loosely on his neck, like the locks of a school girl; he does not wear any bangs, but they would become his style of face.
